
NEW **'Easy-Spin'** **Filter Retainer** **for all SuperVac models**

The New 'Easy-Spin' Filter Retainer connects quickly and smoothly over the threaded filter post - to make installing or changing your filter an easy spin!

Just slip your new or cleaned cartridge filter over the filter post with the new threaded bolt

Hold the filter in place inside the enclosure

Slip the new brass threaded filter retainer over the bolt and spin to tighten the filter in place - and there you go!
